Hello Everyone,

Attached are few documents that I think will be useful in today's meeting. The first document contains a summary of regulatory references for CWA project purpose statements. The second document was sent to the group back in August, but I thought it would be useful here as well. It is an example of a Programmatic NEPA purpose and need checkpoint letter from Federal Railroad Administration on the CA High Speed Train project. The third document is the Programmatic High Speed Train Purpose and Need Statement.

See you all at 9:30  
Erin
